STOP FOR YOUR LOCAL LOLLIPOP!

USING SOCIALLY DISTANCED SCHOOL CROSSINGS

When you return to school, the way that you cross the road with your School Crossing Patrol will have changed. To keep everybody safe, remember these easy steps at your crossing:

1

Look out for these markings on the path and make sure you keep a 2 metre distance from the School Crossing Patrol at all times.

2

As you wait to use the crossing, remember to keep two metres away from everyone else including your friends. If you're with an adult, stay with them at all times.

3

Listen carefully to the School Crossing Patrol as they will give you instructions to use the crossing safely.

4

Only cross when the School Crossing Patrol tells you it's safe to do so! **"It's safe for you to cross now!"**

2m

PARENTS AND COMMUNITY

If you're driving near a School Crossing Patrol, please leave 2m when you come to a stop to allow them to socially distance from the crossing users safely.
